## EDUCATION

**Dr. Babasaheb Ambedkar Marathwada University**  
Bachelor of Computer Science      Secured: 72%

Aurangabad, Maharashtra  
**Nov 2021 - Jun 2024**

## TECHNICAL SKILLS

- **Programming Languages:** JavaScript, Java, TypeScript.
- **Frontend:** React, HTML5, CSS3, Bootstrap, Angular-19, Laravel, Axios, TailwindCSS, Node.js
- **Server Tools:** Git, GitHub.
- **Key Skills:** Responsive Web Design, API Integration, Component-Based Architecture, Web Application Development, Debugging & Troubleshooting.

## WORK EXPERIENCE

**Junior Software Developer Intern | Angel Infotech Pvt. Ltd.** **Jan 2025- Jun 2025**

- Contributed to the development and deployment of multiple live web projects, gaining real-world exposure to the complete software development lifecycle.
- Collaborated with senior developers on code reviews, debugging, and pre-release testing, ensuring product quality and performance before client delivery.
- Implemented responsive UIs with HTML5, Tailwind CSS, JavaScript and React enhancing cross-device usability and user engagement.
- Applied clean coding principles and version control best practices, strengthening my foundation in scalable frontend development.

**Freelance Frontend Developer** **July 2025- Present**

- Led the frontend development of a full-stack web application for a Chartered Accountant (CA) startup firm, as part of a 2-member team.
- As my **first freelance project**, I gained extensive hands-on experience building a complete frontend from scratch using **modern web technologies**.
- Collaborated directly with the client to gather requirements, refine workflows, and iterate on feedback, ensuring alignment with business needs.
- Achieved 100% client satisfaction by balancing technical excellence with clear communication and timely delivery.

## PROJECTS

**CallerBot.io | Frontend Developer Intern | Angel Infotech Pvt. Ltd. | [Go live](#)** **May 2025 - Jun 2025**

- Built a 100% responsive, mobile-first UI using React.js, Tailwind CSS, and ShadCN UI, ensuring seamless performance across devices and screen sizes.
- Improved SEO performance by 70%, optimizing metadata, structured content, and semantic HTML to enhance Google search visibility and indexing.
- Ensured Lighthouse scores above 90+ for performance, accessibility, best practices, and SEO—meeting standards for production launch.
- Tech Stack: ReactJS, Tailwind CSS, Lucide, ShadCN.

**Outsourced Financial Services (OFS) | Freelance Frontend Developer | [Go live](#)** **July 2025 - Present**

- Created a responsive landing page with three tailored forms for organization queries, CA applications, and customer requests.
- Developed a secure admin dashboard with separate views for each query type, offering real-time visibility and control over submitted data.
- Implemented advanced data operations, including Excel export, user search, and deletion, all from a clean React-based UI.
- Tech Stack: React.js, Tailwind CSS, Lucide React, Laravel and Other UI Libraries

## Certifications

- **Full Stack Java Developer** | Naresh I Technologies | Jan'24
- **ReactJS Development** | Great Learnings | July '24
